All classes will be held online this semester.
HURRY! CLASSES FOR SUMMER SEMESTER BEGIN MAY 11

Hunkering down at home has a tendency to feel like a binge watching, impulse eating, newsfeed checking, kid-chasing rerun. But what if you used your extra time to improve your life? It’s easy with Academic Noncredit classes. Learn a language. Take up a hobby. Get into shape. And there’s no better time than now to sharpen your work credentials, boost your job skills, and strengthen your resume. So when this is all over, you'll be ahead of the curve, both personally and professionally.

This summer, we’ve moved all of our classes online and set up everything to make your at-home learning experience as rewarding as possible.

- All online classes are taught by University of Utah professors and range from a few weeks in length to an entire semester.
- Learn stress-free! There are no tests or grades, but classes do appear on your student transcript.
- Classes cost, on average, 70% less than if you were taking the course for credit.
- You don’t have to be a matriculated University of Utah student to enroll—anyone 18 and over can sign up.
- Sign up for our email list at noncredit.utah.edu and stay up-to-date with the latest information on our classes.
